

ASTHMA LIFE QUALITY TEST

If you or your child has been told you have asthma, or if you suspect it, even if you have only occasional problems taking a good, deep breath, this simple test from the American College of Allergy, Asthma & Immunology (ACAAI) may help improve your “Life Quality” (or LQ).

If you answer “yes” to one or more questions on this test, you may be able to reduce your asthma symptoms and improve your LQ. An allergist may be able to help you.

When I walk or do simple chores, I have trouble breathing or I cough Yes___ No___

When I perform heavier work, such as walking up hills or stairs, or doing chores that involve lifting, I have trouble breathing or I cough Yes___ No___
